

...Azul Surf Club was Born

Since then, we have worked with several other non profits and many kind generous people, who have helped us build a school, a classroom, a bridge, a playground and we have fallen in love with El Cuco.

And we all hope to live happily ever after...

Safety & Security

Safe? You bet! Located in the small fishing village of El Cuco, the town has always been a local tourist destination. We are just 2 hours away from the airport, but a world away from the city...

Health

No vaccines or shots are required to travel to El Salvador. Our local Dr Patricia is fully equipped to handle any vacation-related injury or illness. If an issue requires additional attention, we can assist with transportation to the regional hospital in San Miguel.

Traveling/Transportation

If you are staying in El Toro, you should rent a vehicle or opt in for a surf guide. Our all inclusive surf packages include transportation from the airport. We offer shuttles and can pick you up at the airport. You can pick up your rented vehicle from the ranch.

The roads in El Salvador are very new and very nice. Azul Surf Club is about 2.5 hours from Comalapa Airport, just outside of San Salvador. Unless you are comfortable driving in abroad, we do not recommend driving through San Salvador or San Miguel... The major cities have intense traffic and can be difficult to maneuver through. As with all Latin American countries, there are very few street signs, roads are not well lit, and GPS is not always reliable or available. Our friendly and knowledgeable staff can navigate while you relax.

Due to the high nighttime accident rate caused by farm animals on the road and to ensure the safety of our guests and staff, Rancho Santana cannot provide ground transportation before sunrise or after sunset.

Hotel Todo Azul

Wake to the sounds of the South Pacific crashing by your door and enjoy the natural beauty of El Salvador. We are just two and a half hours away from the airport but a world away from the city. Come and enjoy a new culture, friendly locals and allow our staff to cater to your every need. We have fantastic food, a fully stocked bar and all the necessary amenities. When you return from the most amazing rides of your life you can lay in a hammock laughing with your friends or enjoying the people you love.

Todo Azul in Playa El Cuco

Our beautiful black sand beaches are topped with perfect peeling surf. Considered El Salvador's best beach, it is one of the best kept secrets of the surfing community, cited by Wavehunters as being a "surfers Disneyland of right hand point breaks... that rival the best in the world." Our tour packages include boat trips to Punta Mango, El Toro, Punta Bongo and rides to Las Flores. We have extremely consistent surf, with average swells at chest to head high range and larger swells of 8 to 15 ft coming in regularly. It is the perfect place for novices and pros alike, and you are guaranteed to have a great time.

Unique Adventures are Waiting

Come and stay at Todo Azul, the only hotel in El Salvador giving back to the community, with projects tackling the health and education issues affecting the children of El Cuco. This very small and safe fishing village is known as the Wild East because it is surrounded by lush tropical forests, simple living and plenty of wild life. Have one of our friendly guides take you on the adventure you've been waiting for, and do it all with the comforts of home. It is the perfect place to chill with your friends, have fun with the family or enjoy a romantic getaway.

Enjoy the sounds of the jungle, listen to great music, sit by a bonfire, slow down for a bit and know that you're helping those in need...

...your soul will thank you for it.

Toro de Oro

Located on Lissette's favorite beach, El Toro de Oro is where we fell in love with El Salvador. It's pristine beach and solitary location provide a one of a kind experience. Perfect for large groups or those wanting a more independent experience...

The house has epic surf right out in front at high tide, a fully stocked kitchen, four bedrooms with AC, 2 with ensuite baths, ample parking, a swimming pool and unforgettable sunrises and sunsets. It's the perfect place to make memories that last a lifetime. Guests should have a rental car to get around. The house is located between Las Flores point break and Punta Mango.

Groceries should be picked up in Usulután on your way from the airport, and additional items can be purchased in town. We can provide grocery service if requested ahead of time, as well as coolers full of beer.

Casa de Canela

Located on El Cuco's main street, Casa de Canela is perfectly situated with was access the beach, point breaks, public transportation and local bars and restaurants. It is our budget option, providing travelers with a comfortable environment to make friends and explore our little town.

The hostel has a dorm, a semi private room and a private room, a fully stocked kitchen for making meals, a flat screen tv and lounge area, Wifi, cable and a pool table. Your stay at Casa de Canela includes access to Azul Surf Club Monday through Friday (low season), so a short walk down the road will have you in the pool or the hammock, whichever calls your name first...

You can also book tours through the front desk at the surf club, and we can help you make arrangements for shuttles to Leon or La Libertad.
